SkinCare Physicians' dermatologists will discuss the latest advancements in skin care and answer questions on hot topics in medical and cosmetic dermatology, including:

- New devices for non-surgical body sculpting such as CoolSculpting® and Liposonix®
- Sun, sunscreens, skin cancer and melanoma
- The latest on Botox®, Dysport® and Xeomin®
- Advances in filler techniques including Voluma™, Restylane®, Belotero®, Juvéderm®, and more
- Exciting prejuvenation techniques to prevent facial aging and wrinkles
- Recent advancements in cosmetic lasers and light sources
- New cutting edge treatments for skin diseases including acne, psoriasis, and rosacea
- Latest Fraxel® and Thermage® skin tightening and smoothing treatments
- Successful treatment of scars
