

Early Stage Melanoma Support Group

sponsored by the Melanoma Foundation of New England

This three part session support group offers stage I and early stage II melanoma patients an opportunity to connect with others who share similar cancer experiences in a supportive and educational based setting.

Facilitated by Annette Quinn, LICSW, and Kathleen Dufault, LPN the group will address:

- Challenges associated with diagnosis
- Living with uncertainty
- Information regarding follow up care and prevention
- Resources for continued support

Monday, November 17th, Monday, December 1st, & Monday, December 8th

5:30 pm - 7:00 pm

Additional groups will be scheduled.
